Israel is a land of contrasts, full of diversity of every kind, packed into one small corner on the globe. With rides along the Dead Sea and the Rift Valley, through the wild nature of the Golan Heights in the Northern border with Syria, cruising miles of Mediterranean beaches, desert rides of unspoiled vistas and terrains all the way down south to the ever-sunny vacation capital – Eilat, on the shores of the very blue Red Sea. We'll take a short hike to the wonderful desert oasis of Ein-Gedi in the Dead Sea and stroll the alleyways of ancient Tzfat. You'll discover Jerusalem and visit the holy sites around the Sea of Galilee, climb Masada...and so much more. But more than anything, you'll get a much broader, deeper and more exhilarating experience of Israel, as a *BIKER!*
