The name "Morocco" alone generates feelings of tales and mystery. Immediate associations of colorful markets, aroma of spices, jugglers and sorcerers, sultans and kings, caravans of camels moving through the desert, deserted mud fortresses on the slopes of barren mountains, and Arabic warriors dressed with their Turbans and Harem pants, swinging their Scimitar swords... But Morocco is richer than any dream, it offers unique and majestic nature combined with a fascinating and colorful culture.

Highlights

- Atlas Mountain Range • Straits of Gibraltar • Marrakesh • Chefchaouen
- UNESCO Ait Ben Haddou • Draa Oasis • Ouarazate • Dades Gorge • Sahara Desert • Fes
