Although we tend to associate Vietnam with war, this tour will show you the absolute peaceful tranquility of this exotic country. With its beaches, mountains, valleys, dense jungles, rivers, lagoons, cities and villages, Vietnam offers all that is beautiful in the world.

We will ride through back roads, side roads and areas not traveled by tourists, but nonetheless we will not leave out the must-see important sites along the way. Culture, history, interaction with the Locals, stories of war, and intoxicating nature ... all on two wheels.

### Highlights

Saigon • Cù Chi Tunnels • Nha Trang • Dalat • Mountain Tribes  
Ho Chi Minh Trail • Lak Lake • Hoi An • Cruise on Halong Bay
